## **SUBJECT: INVITATION FOR INDUSTRIAL OPEN HOUSE & CAREER FAIR**

Respected Sir/Madam,

The University of Engineering and Technology (UET) is the oldest and premier engineering institution in the country involved in disseminating high quality engineering knowledge and application-oriented research through its 46 teaching departments and 22 research centers. The UET has achieved a hallmark of educational excellence where its 8 programs have been accredited under Washington Accord, the highest number in the country.

Considering the industry as a valuable partner in development, the University rightfully emphasizes on close linkage with industry and has signed MoUs with a large number of organizations including LCCI and FCCI for resource sharing and industrial-focused research. To further strengthen these ties, the UET holds Industrial Open House & Career Fair (IOHCF) as a calendar event every year. In this mega event, the future technology leaders i.e., graduating students showcase their Final Year Projects (FYPs) and various industries introduce their strengths, structure and products. The idea is to provide a single platform where both the students and industry closely interact for future developmental projects, internship opportunities and possible recruitment. The last three IOHCFs have been great success that could gather thousands of visitors and organizations.

The Managing Committee of IOHCF'18 cordially invites your esteemed organization to be a part of this mega event by setting-up a stall to showcase your strengths, products and other features. The organizations will also be facilitated to conduct test/interview for their recruitment process. The event will be held on **4-5 April 2018 at UET, Lahore** and you may join us as a valuable sponsor or registered exhibiter.

To reserve your place in the event, please RSVP by registering via email with the subject title "Open House" to [iohcf@uet.edu.pk](mailto:iohcf@uet.edu.pk) or contact at **+92 (42) 99029480**. Please note that the number of stalls are limited and will be reserved on first come first served basis.

Best Regards

**Prof. Dr. Asif Ali Qaiser**  
**Convener, IOHCF'18**
